

Valley Fire Protection Systems + Toys for Tots = **HAPPY HOLIDAY'S**

The holiday season typically means happiness for all, especially children looking for that special gift under the tree. However for some that is not the case. Valley Fire has teamed up with Toys for Tots to try and bring that smile to a child's face that deserves to be there Christmas morning.

Toys for Tots' goal is to deliver, through a new toy at Christmas, a message of hope to less fortunate youngsters to be able to experience the joy of the Christmas season, to play an active role in the development of one of our nation's most valuable resources-our children and to unite all members of local communities to bring joy to others.

Valley Fire Protection Systems Indiana will be hosting a toy drive. Below is the information:

- **When: Monday November 2nd - Friday December 11th**
- **Where: 8635 Louisiana Pl Merrillville IN 46410**
- **Time: 8:00am-4:00pm Monday-Friday**

All gifts should be new and unwrapped and can be for any age range; either for a boy or a girl.

So if you can help out by donating a toy to brighten a child's holiday season that would be amazing. If you have any questions, please call (219) 472-0083

Thank you,
valley Fire Protection systems
